(916) 503-4100  
Fax: (916) 503-4180

American Building Supply has used Finishing Consultants exclusively for all of our coating equipment needs for many years. Their customer service has always been nothing short of excellent and they go out of their way to help find the correct specialty parts we need in a hurry. Hard to find items are always located and large projects have been managed from start to finish. Most importantly, they anticipate our needs and stay one step ahead of our purchases to ensure a prompt lead-time and accurate order fulfillment. We are able to rely heavily on Finishing Consultants to help keep our plant running smoothly.

Wesley Aimes  
Plant Manager
